Welcome to our new dancers & welcome back to our returning dancers!! We are so excited to be starting another dance year! Here are some important announcements.

Safety First

Please use safe parking lot etiquette: DRIVE SLOWLY, watch for children, and please walk younger children to the door so that they are not crossing the parking lot alone. We also ask that you drive one way in the parking lot, please enter and drive to the right of the building and follow around the other side of the building to exit.

This year children will not be walked out after class, as they were last year, please come into the building or up to the sideway to pick up younger children.
